How the Liberal Party Ruined Canada – And Why It Will Get Worse Under Carney

Strategic Talking Points

I. ECONOMIC COLLAPSE & FISCAL SABOTAGE

- **M2 Money Supply ballooned to $2.625 trillion CAD** (2024), driven by reckless deficit spending — triggering inflation and eroding middle-class purchasing power.
- **Pandemic-era welfare programs** (CERB, CEWS, CRB, CRSB, CRCB) caused labour shortages, created dependency, and warped the labour market.
- **Wages stagnated** while inflation soared — forcing families into record levels of household debt just to survive.
- **Punitive tax measures** including luxury taxes, a digital services tax, a $95/tonne carbon tax, and a proposed 66% capital gains hike choked off investment and innovation.
- **Business investment collapsed** as ESG mandates and anti-growth policies scared off capital and drove entrepreneurs abroad.
- **Housing market imploded** — over 1 million immigrants annually, foreign buyers, and regulatory overreach destroyed affordability, locking out an entire generation.

II. ENERGY DESTRUCTION & ESG TYRANNY

- **Energy projects killed**: Energy East, Northern Gateway, Keystone XL — with thousands of jobs and billions in investment lost.
- **ESG mandates dictated by Mark Carney** forced banks and investors to defund oil, gas, mining, and agriculture — destroying Canada's industrial base.
- **Net-Zero by 2050**: A globalist fantasy causing job losses, rising energy bills, and dependence on unreliable imports.
- **Carbon tax burden** shifted to consumers and businesses — with only temporary consumer relief after mass protest in 2025.
- **Energy insecurity** worsened as reliable Canadian energy was replaced with ideologically preferred but unstable sources.

III. IMMIGRATION, SECURITY & LAW ENFORCEMENT FAILURE

- **1M+ newcomers annually** overwhelmed hospitals, transit, housing, and schools — while Liberals refused to adjust intake levels.
- **Screening failed**: Individuals with **anti-Christian, antisemitic, and anti-Canadian ideologies** entered and participated in hostile demonstrations.
- **Pro-Hamas protests** and **"Death to Canada" chants** erupted in major cities — uncondemned by federal leadership.
- **Canada became a fentanyl source country**, with chemicals from China, domestic labs, and export to the U.S.
- **Chinese triads and Mexican cartels** laundered billions through B.C. casinos, shell corporations,

and real estate.
- **RCMP paralyzed** by surveillance disclosure laws — tipping off criminals. U.S. law enforcement scaled back partnerships due to Canadian inaction.
- **Political complicity suspected**: Intelligence leaks implicated Liberal MPs and BC NDP MLAs in cartel-linked operations.

IV. SOCIAL ENGINEERING & FAITH SUPPRESSION

- **Bill C-16 (gender ideology)** used to legally coerce pronoun use — critics warned of compelled speech and civil rights violations.
- **Bill C-36 (online hate speech)** enables censorship based on subjective "offence," silencing political and religious dissent.
- **Bills C-11 & C-18** gave Ottawa authority over online content and media — a direct threat to press freedom.
- **Conversion Therapy Ban** criminalized Biblical counselling — targeting Christian ministries and moral teaching.
- **GBA+ and DEI mandates** enforced ideological conformity in schools, public services, and the military.
- **Faith and national identity attacked**: Church burnings ignored, flag desecration unpunished, and Christian citizens treated as second-class.
- **Cancel culture normalized**: Speaking Biblical truth now risks job loss, reputational destruction, and state harassment.

V. FOREIGN PRIORITY OVER CANADIAN INTEREST

- **$12.4B+ to Ukraine**, plus $4.5B more pledged — while veterans, military, and the RCMP face budget shortfalls.
- **Billions in foreign aid** continue flowing, while Canadian infrastructure crumbles and rural communities are neglected.
- **Canada fails NATO 2% defense spending obligation** — weakening our standing with allies.
- **Globalist mandates override national sovereignty** — with UN, WEF, and ESG agendas shaping Canadian law.
- **Foreign criminals welcomed**, while patriotic Christians and dissidents are censored, fined, or investigated.

VI. LAW ENFORCEMENT & JUSTICE BREAKDOWN

- **Organized crime surged** under Liberal policies — including cartel-controlled fentanyl production and money laundering.
- **RCMP restricted** by laws requiring disclosure of surveillance — helping criminals flee before charges.
- **U.S. law enforcement pulled back** due to leaks and failures in Canadian law enforcement.
- **Liberals linked to laundering ecosystems**: Allegations surfaced of political connections to organized crime and foreign corruption.

VII. CULTURAL SUBVERSION & NATIONAL IDENTITY EROSION

- **Public desecration of the Canadian flag**, anti-Canada rallies, and hostile ideology celebrated under the banner of "inclusion."
- **Churches vandalized and burned** without national outrage — the government remained silent or dismissive.
- **Veterans and traditional families vilified**, while radical movements and fringe ideologies received federal protection.
- **Biblical Christianity silenced**, public morality inverted, and national heritage disrespected in education, policy, and media.

VIII. THE MARK CARNEY THREAT

- **Carney = Trudeau 2.0 — but unelected, more radical, and globally networked.**
- **Digital ID**, **ESG scoring**, and **banking restrictions**: His model of climate authoritarianism will regulate what Canadians say, buy, and believe.
- **Failed UK model exported**: Carney's ESG mandates caused energy collapse and inflation in Britain — now mirrored in Canada.
- **Carney was not elected**. He was installed through a rigged leadership race that ignored transparency and democratic norms.
- **Carney has never served the people** — only banks, WEF elites, and UN bureaucrats. He represents the final step toward **financial technocracy** and **total state control**.

IX. ANTICIPATING LIBERAL DENIALS

- Liberals may cry "conspiracy" — but the facts are on record:
    - **Cullen Commission** confirmed massive laundering.
    - **CSIS warned of foreign election interference.**
    - Dozens of **churches burned**, yet no national condemnation.
    - **Professionals punished for refusing pronouns.**
    - **GFANZ collapse** triggered by U.S. congressional inquiry into ESG cartel behaviour.
    - **Carney fled GFANZ**, then ran for Liberal leadership the next day.
- Encourage all voters to fact-check these realities — and watch who avoids answering.

X. THE REAL CHOICE: CARNEY VS. POILIEVRE

- **Carney**: Globalist technocrat, unaccountable, backed by WEF and UN, aligned with corporate control and ESG tyranny.
- **Poilievre**: Elected by Canadians, advocates free speech, fiscal sanity, and national sovereignty.
- Carney consolidates elite power. Poilievre returns power to the people.
- **This is not about parties — it's about preserving Canada's soul.**
